Let the Show Begin

City of Industry, CA – June 18, 2010

ENERMAX is pleased to announce the launch of a new fan series: APOLLISH VEGAS.

The ENERMAX brand APOLLISH fan series is quite unique; it uses a patented technology to increase the LED number from the common 4 per fan up to 15. The patented “trick” is not position the LEDs in the four corners of the fan’s frame, but within the blade frame as an LED ring. ENERMAX has now improved the maximum number to 18 and added a plethora of LED modes, becoming the VEGAS of LED fans in its purest meaning. 7 modes let the fans flash partially or wholly in different combinations of rotating LED beams and groups of beams. It includes an external control for switching LED modes plus fan RPM speed.

APOLLISH VEGAS utilizes ENERMAX patented Twister Bearing, a magnetic bearing type, which does not suffer from abrasion like mechanical bearings such as Sleeve or Ball-Bearings and has a long lifetime of more than 100k hours.

Series		APOLLISH VEGAS				
Size (mm)		120			140	
Item		UCAPV12A			UCAPV14A	
Frame (color identical to Blades + LED)	Type	Massive				
	Color	Blue	Red	Green	Gold	Silver
	Color Code	-B	-R	-GR	-G	-S
Blades (color identical to Frame + LED)	Type	TURBINE				
	Color	Blue or Red or Green or Gold or Silver				
LED (color identical to Frame + Blades)	Number	18				
	Modes	7				
Speed (rpm)	Min	800			700	
	Max	2000			1500	
Noise (dBA)	Min	16			15	
	Max	25			26	
Airflow	Min	33.26 CFM / 56.51 m ³ /h			42.37 CFM / 71.99 m ³ /h	
	Max	84.59 CFM / 143.72 m ³ /h			90.80 CFM / 154.27 m ³ /h	
Speed Control		Manual				
MSRP	US\$	29			39
